RELEVANT EXPERIENCE

Full Stack Developer, CGI, Malmö   **04/2022 – 01/2024**

As a Full Stack Developer at CGI, I served as a consultant for the Peab project, playing a crucial role in the development and maintenance of the PeabTid application for Peab AB.

- Designed a user-friendly interface for efficient timesheet management.
- Received client recognition for dedicated support during a two-month solo period.
- Collaborated on projects using a blend of technologies, such as HTML, CSS, JavaScript, C#, and SQL, to deliver effective solutions. Utilized Jira and Agile Scrum methodologies for efficient project management and coordination.
- Acknowledged by the manager for outstanding contributions to the project.
- Provided guidance and mentoring to junior colleagues, resulting in successful project completion and client satisfaction.

Software Developer, Geneca Solutions, India   **03/2014 - 04/2016**

- Designed, built, and maintained applications, benefiting healthcare organizations and patients.
- Participated in various internal projects using a range of technologies, contributing to successful solutions. Transformed design mock-ups into functional web interfaces, enhancing user interaction.
- Gained valuable experience and contributed to projects with a positive impact on healthcare organizations and patients.
- Efficiently managed project coordination and workflow using Jira and Agile Scrum methodologies, ensuring on-time project delivery and effective collaboration.

Full Stack Developer, SkillUR AB, Helsingborg   **02/2022 - 03/2022**

- Designed and developed SkillUR's application using HTML, CSS, and JavaScript.
- Managed the project with Jira and Agile Scrum methodologies.
- Achieved successful deployment of the SkillUR application, enhancing the company's product offerings

Front End Developer, 2M Nordic Consulting AB, Helsingborg   **09/2021 - 01/2022**

- Led the development of "Skolanalys," an AI-powered product for school efficiency and strategic planning.
- Successfully integrated data from REST APIs using GraphQL, TypeScript, and ReactJS, managed with Jira and Agile Scrum methodologies.
- Contributed to the realization of improved school activities, making a positive impact on students and educators.

Front End Developer, Twin Palms, Remote   **06/2021 - 08/2021**

- Created a daily reporting webpage for Twin Palms' resorts and restaurants, including UX design and functional testing.
- Transitioned to a C# and React JS developer through training at Lexicon Yrkesutbildning, learning ASP.NET, SQL, and Azure cloud fundamentals.
- Demonstrated the ability to quickly adapt and learn new skills, successfully delivering a valuable project during a short internship period.
